THE STORY

Conceived as a true passion project, ARTE was born as a meeting point to share ideas and inspire creative minds with its warm atmosphere, open-air design, and comforting Italian food.

To celebrate the vibrancy of our island home, the space hosts ongoing exhibitions showcasing Indonesian artists, with 10% of every sale supporting a Bali-based charity and the remainder going directly to the artist. If you're interested in reading more about the work you see around you, scan one of the QR codes on the wall, or ask our team for the exhibition catalogue.

Aside from visual art, we are honoured to host one of the largest second-hand book collections in Bali - established by a large community of international expats and avid readers, you're bound to find your next read on our shelves. To borrow a book, we gladly welcome swaps or a small 50k donation. Please ask a member of our team for more information.

Find ARTE also at our second location in the heart of Ubud, at Jl Sri Wedari 4.
